

The Washington State Association of School Psychologists Government and Public Relations Committee is proud to announce our Second Annual

## **State Wide Week of Action**

**February 12-16, 2018**

This is a new opportunity for school psychologists in the state to learn about Advocacy at the state and federal level, as well as to earn **3 clock hours** for continuing professional development on this critical topic.

Participate in an online or in person training focused on advocacy in the state, and provide documentation that you have completed one advocacy-related activity, such as writing a letter to a local publication, or meeting with your representatives (in person in your local district, in Olympia, or on the phone) to earn these WSASP approved clock hours.

The Committee has put together daily actions for you to take, culminating in meetings at your local or Capitol City legislative offices. This is a great opportunity to learn more about how advocacy works.

Further information is available at [www.wsasp.org/advocacy](http://www.wsasp.org/advocacy).
